An adventure unlike any other. Dead Space 3 is a first-person horror game developed by Visceral Games, and published by Electronic Arts. It was released on March 5, 2012, for Microsoft Windows, PlayStation 3 and Xbox 360. It is the third installment in the Dead Space series, following Dead Space: Extraction and Dead Space: Damnation. Dead Space 3 can be played alone or cooperatively with up to three other players via Local Co Op (online co op has not been implemented yet, so online co op would be both misleading and misleading). This has been discussed in the forums but has not been brought up on the forum officially since the official twitter announced the game and then IGN released its review. In Dead Space 3, players take control of Isaac Clarke, an engineer aboard the USS Musketeer. A year after the events of Dead Space 2, the crew of the Musketeer are stranded on the Sigma Octanus IV research station, where they discover the corpse of Dr. Leonis' son.
