He grew up and started his training at the age of 6 at the Wing Chun Institute of Hong Kong. Anthony attended college at the prestigious Beijing Language and Culture University where he majored in the liberal arts. He then furthered his studies in the United States at the International College of Martial Arts where he trained in the art of Northern Shaolin Kung Fu. His Master Sensei would occasionally give him introductions to the world of martial arts in a mysterious, riddle-like way. He would challenge Anthony to come up with the riddle-like solutions to the problems that his Master Sensei was faced with. Being both an inquisitive mind and an avid student of the art of Kung Fu, Anthony was captivated by the mysteries of martial arts. Anthony has been practicing martial arts since he was a child, and as his journey as a student of Kung Fu has taught him about life and the world around him, he now shares this knowledge with the world.
