Rihanna, the whole world already knows this amazing song, and I am no exception. It's just magic! I will draw you. In this bustling city, I drew you. Very nice video for the song. Kaneshn, I love these songs. Happy listening. For us (Russia, Ukraine) this song is Vai Sangeeta DUD' DUDA. But for India it is Krishna. Many people know and love this clip. Back in 2008 when this song wasn't there, I heard about this song and thought it was a very bad song. The song Vai sangeet by Tamil musician S. Bhavani. After that, he became a famous Tamil performer. I know this song! The most beautiful Indian dance, with elements of the Indian school. I love you, I know that you love me, nothing will separate us, we will never part, again and again I tell you - I love you! Intro song: 1. Human life is but a moment: Dongcheng - Tamil folk song 2. Enmity is the same ruins. 3. Let those who see never judge. 4. I love you, I dream about you, not noticing anyone around. I will give you everything I have, I will give you your heart, I will love you, but I love myself! Vai sa Sangeet with elements of Tamil traditional music. With heartfelt text, where everyone will find their own meaning. The song is sung by Kinyar, one of the most famous singers and actresses in Tamil films, in Tamil. Classical Indian music performed by an orchestra. The sonority of the orchestral theme creates a strong and at the same time calm feeling. This is a modern Tamil-Indian song, with bright elements of traditional Tamil music. Lyricist: Sathikurana, music performed by Satish Satyakala and Hariti, genre - classical Indian-Tibetan music.
